

DAMAGE CAMERA LANE PACKAGE

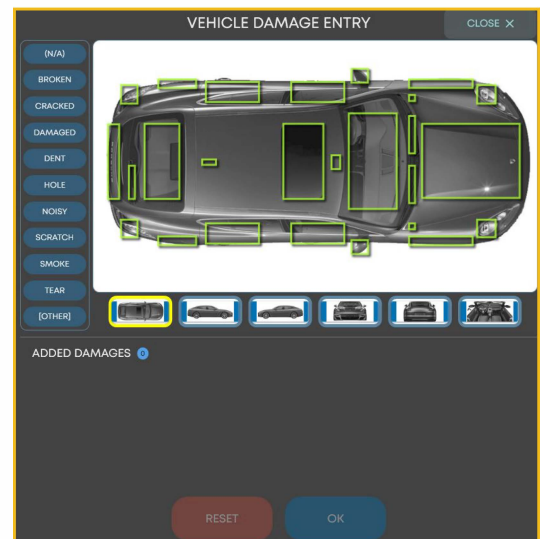

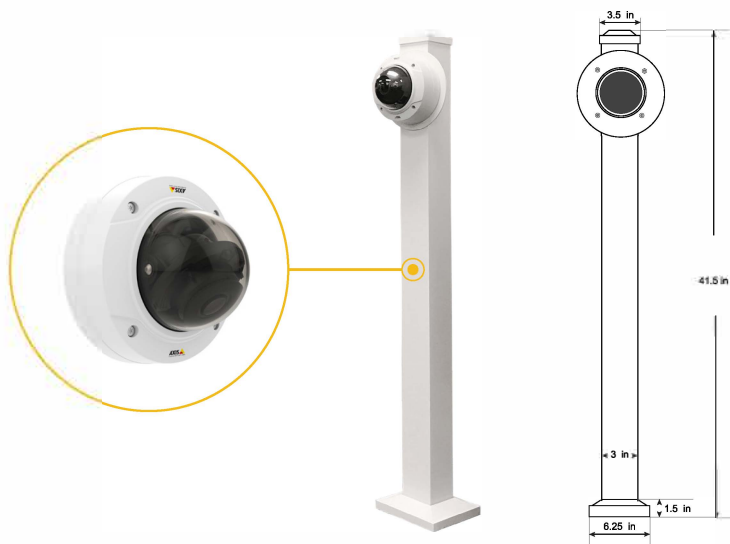

Swyft Damage Control System uses four cutting-edge-technology cameras to record each vehicle passing through the Entry and/or Exit lane, capturing 360° view of vehicles to eliminate false claims expenses.

*Six or eight camera packages also available.

Equipped with WDR Forensic Capture to handle scenes with bright light variations, Lightfinder for exceptional light sensitivity, and P-Iris control for optimal clarity and depth of field, the Swyft Damage Cameras provide outstanding image quality in both strong and poor light conditions. Day and night functionality, together with built-in IR solution, OptimizedIR, ensuring an evenly illuminated view and excellent image quality even in complete darkness.

*Requires the use of Access Control Unit and ViewServer.
